BELLE GROVE WINS $75 FLOAT PRIZE

LASHER, SECOND; MYRTLE TREE, THIRD; SCUDDER, FOURTH

WERE SEVERAL TIES

These Are to be Decided Sometime Today and Announcements Regarding Them Later

First place in the float prizes yesterday afternoon was won by the Belle Grove School four and a half miles southwest of Maryville. It is taught by Miss Grace O'Brien of Maryville. The float's name was "Corn is King." It was a novel idea and took a great deal of work and care to make. One of the features of it was representatives of shock fodder made up of children—$75.

Lasher School, taught by Miss Lola O'Day of Maryville, won second place. The float depicted 1776 with a log cabin made of corn with a coon on top and a spinning wheel; then 1922 with Lasher's best products.—$60.

Myrtle Tree, taught by Gertrude Horton of Maryville, won third place. The name of the float was "The Road of Life." It showed the children as they first started into the country school and all the way until they are settled into different vocations of life; also the district's farm products—$50.

Fourth place went to the Scudder School, taught by Eugene Rathbun, Maryville. It was the largest float in the parade and an elaborate picturization of the old school house of 1820 with the hard benches and then the modern school of 1922. Both the schools were being conducted on the float as it came along in the parade. —$40.

Fifth place went to Rockford School taught by Miss Rose Shinabargar of Maryville. It was a comparison of the log cabin of the early days with the horn of plenty of today.—$30.

Sixth place went to Union School, which is taught by Miss Nell Cannon of Maryville. It was a 2-division float, showing the "First Thanksgiving and "Union School." Both were well pictured.—$20.

Seventh place went to the Wilcox School, taught by Miss Nellie Hall of Ravenwood. It depicted "Nodaway County Products" and was a huge affairs, headed with several ponies in blue harness and six white horses. It carried a big load of farm products. —$15.

Eighth place went to the Mount Pleasant School, taught by Miss Mary Swyers, Pickering. It was another good presentation of "The First Thanksgiving" and was carried upon a large tank-shaped float.—$10.

In the contest for the special prizes theer were five ties, four of them occurring between the High Prairie and North Grove schools for the school bringing a float the greatest distance. The other was between the Arkoe and Immaculate Conception schools. Another tie was originally announced between the Dawson and Foster schools for bringing the float second farthest but upon a check it was found that the Lafayette School was entitled to this prize.

The ties have not been decided as yet but will be settled sometime today.

The special prizes and the winners follow:

D. A. R. prize, won by the Lasher School, taught by Miss Lola O'Day, Maryville.

Twentieth Century Club prize, won by the Rockford School, taught by Miss Rose Shinabargar, Maryville.

Montgomery-Cummins Clothing Co., essay prize—Wilson Dowden, first and Ambrose O'Day second, both of the Myrtle Tree School, taught by Gertrude Norton, Maryville.

1. To the school bringing float the farthest, one Toledo steam cooker, $12. —Cummins-Wray Furniture Co., tie between the North Grove School, taught by Miss Mary Wagner, Elmo, and High Prairie School, taught by Miss Arcille Ward, Elmo.

2. To the school bringing float the farthest, $10 in money.—Real Estate Bank, tie between the North Grove taught by Miss Mary Wagner, Elmo and High Prairie School, taught by Miss Arcille Ward, Elmo.

3. To the school bringing float second farthest, sufficient curtain material for their school house—Joe Cohn, Lafayette School, taught by Miss Ruth Miller.

4. To the school bringing float third farthest, First Aid cabinet, complying with requirement of New York State

MUTUAL INSURANCE CO., IS MEETING HERE TODAY

Levy of 2½ Mills on $1 Will be Made For Coming Year—Losses in Six Months Were $7,635.40

The semi-annual meeting of the Nodaway County Mutual Fire and Lightning Insurance company was held in the county court room today for the purpose of fixing the levy on the insurance. The rate has been two and one-half mills for each dollar and the same rate will be ordered to be in force during the year.

Since April or for a period of six months, the insurance company had fire losses of $5,575.40 and lightning losses of $2,060. The balance in the treasury today was $17,207.48.

The directors in attendance at the meeting were: J. L. Hepburn, Hopkins; W. H. Blackford, Clearmont; R. B. Gex, Sr., Graham; William Woods of Burlington Junction; B. M. Willson of Barnard; J. S. Casteel of Ravenwood; and C. D. Hooker of Maryville. Miss Iuka Shiel of Burlington Junction, secretary, was present.

AN OLD LANDMARK DESTROYED BY FIRE

SHOEMAKER'S BARN BURNED DOWN YESTERDAY

HAD QUITE A HISTORY

Building Was Erected in 1870 When Efforts Were Made to Build a City in That Section

Shoemaker's barn on East Third street burned to the ground yesterday afternoon. Shortly before four o'clock the alarm was turned in and when the department arrived on the scene the barn was practically destroyed. The firemen succeeded in rescuing an automobile, a wagon and a binder from the barn but one of the Shoemaker-Bovard white truck wagons and some tools and machinery and hay and straw were destroyed by the fire.

Two streams of water were forced on the fire. One line of hose was so close to the flames that it was necessary to wet it down to keep it from burning.

The firemen were unable to extinguish the fire and spent their time keeping it under control. In order that the half burned hay in the barn would not have to be hauled away, the fire was allowed to burn itself out. A line of hose was kept connected all night so that in case a wind should rise the fire could be kept in check.

Sparks from the fire caused the Burlington freight depot to catch fire but the blaze was extinguished with a bucket of water.

The origin of the fire is not known, but it was stated four or five men who were in a Ford car stopped at the barn and shortly afterwards the barn was discovered on fire. W. E. Goforth, agent at the Burlington, noticed the fire while passing the barn on his way to the Burlington station.

The loss is estimated between $3,00 and $4,000 with $1,000 insurance. A tractor belonging to Chandler & Bagby was destroyed.

The barn which has been in the family of F. G. Shoemaker for over forty years was an old landmark of the city. It was built in 1870 or 71 by Sheriff Fish of St. Joseph and was used as a wholesale grocery house, being run by L. C. Evans who is now a resident of Loveland, Colo., the late John Ham and the late R .P. Weaver. In after years it was used as a saloon and bowling alley and then was purchased by Thomas Shoemaker, since which time it was used as a barn for the bus and transfer business. At the time Mr. Shoemaker had it, a number of the very best dances in Maryville were held in the barn loft.

At the time the building was erected there was quite a fight on in Maryville to have the town built around the Burlington railroad, the railroad being built in 1870. At that time several men secured a tract of land from Mrs. Mary Graham and others located on Buchanan and other adjoining streets. Finally after a few years the town commenced to grow around where the present business section is.

Harold Moore Home Today.

Harold Moore was greatly improved this morning from his injuries suffered from falling off of a truck Tuesday. According to his attending physician he will be able to be removed to his home this afternoon. He lives with his grandmother, Mrs. Rebecca Brink, on South Main.

THINK SCHOOL DAY SHOULD BE ANNUAL

MANY FAVORABLE COMMENTS MADE YESTERDAY

JUDGES HAD A JOB

Crowd Is Estimated at from 12,000 to 20,000—Worked up a Lot of Enthusiasm

That the Nodaway County school day should be made an annual event was the opinion expressed yesterday by many of the visitors from over the county. Expressions were heard from everyone of the wonderful floats making the best parade ever held in Maryville.

Fred R. Wolfers, president of the Chamber of Commerce, expressed the appreciation of Maryville for the wonderful exhibits and parades given by the rural schools. He stated it was a good thing for the county as a whole and never had Maryville and Nodaway County witnessed such a day and a parade.

Some expressions heard were:

Miss Edna Craven, county superintendent of Worth County and one of the judges, "It was without doubt the worst job I ever had in judging floats, for all were wonderful. The originality was great and to think of the work necessary to make them. One of its greatest values is the bringing togeth er of the people of the district to work on the floats and then bring the different districts together at Maryville. The good effects will be more far-reaching than most of you people imagine."

Mr. and Mrs. Jake Seutterlin of Garrett District: "It simply was fine and a great benefit to the schools and to the town. The schools deserve great credit for their work. We know we would have won first prize had not our float burned in the fire at New's barn."

Principal Byron Murray, Clearmont: "It worked up a lot of enthusiasm among the students and parents which could not have been obtained any other way and that benefit alone was worth the effort spent."

W. L. Moorhead of the Hopkins Journal and W. L. Robb of Hopkins: "It was a wonderful parade for the school children to put on and we think they reserve a lot of credit; it is a mighty good thing for Maryville."

Miss Gertrude Fulcher, county superintendent of Platte County said: "This is certainly a fine event. I think that it would do credit to Kansas City. The making of the floats had a great value to the students, especially the making of those depicting historical events. It also offered practical training in that it gave the teacher an opportunity to work out the project method in teaching."

Former Sheriff John F. Dowden estimated they were 18,000 people in Maryville during the day. He said it was a larger crowd than was in Maryville during the White Way Celebration. Estimates of the crowd ranged all the way from 12,000 to 20,000.

BEARCATS TO OPEN THEIR SEASON TOMORROW AFTERNOON

To Meet Peru, Neb., Teachers, Which Defeated Wayne Normals 56 to 0 Last Week.

The State Teachers College football team will play its first College football game at home tomorrow when the Peru, Neb., teachers will be the guests of the Bearcats. The locals expect to give the Nebraskans a warm reception, but it won't be a full dress, white glove affair.

Coach Maynor has been working his men especially hard on signal and formation drill and the eleven who take the field tomorrow against the visitors will be a well drilled machine instead of so many individuals.

There is no dope on the Peru team save that last week it administered a 56 to 0 defeat to the team from Wayne, (Neb.) Normal.

The Peru men will drive to Maryville in automobiles and will return shortly after the game.

QUARTERLY CONFERENCE AT PLEASANT GROVE

The first quarterly conference for this conference year will be held at Pleasant Grove Saturday and Sunday. The Rev. W. L. Scarborough, presiding elder, will preach Saturday evening and Sunday morning. M. L. Shemwell, 322 North Walnut street, Maryville, is pastor of the Pleasant Grove Church.

R. E. TOBIN ON PROGRAM FOR ST JOE. MEETING

Burlington Junction Man Will Discuss Live Stock Shipping Business Methods

R. E. Tobin, manager of the Burlington Junction Shipping association, is on the program for the second annual short course of managers, officials and members of co-operative live stock shipping association of Iowa, Kansas, Nebraska and Missouri to be held at South St. Joseph on Tuesday and Wednesday, October 24 and 25. The short course is conducted under the direction of the agriculture extension service of Iowa, Kansas, Missouri and Nebraska agricultural colleges. Mr. Tobin will discuss accounting and live stock shipping association business methods.

THE DAY CLOSES WITH HIGH SCHOOLS

TWELVE OF THEM PUT ON STUNTS LAST NIGHT

FILMS WILL BE MADE

Some of the Performances Were Unusually Good—Eldon Adkins Does Some Cartooning

The Nodaway County School Day came to a close last night with the stunts of twelve high schools of the county and the showing of the films taken by Ralph Marcell Studio at the Calf Club Show in St. Joseph last week. The stunts were given and the pictures shown at the big platform that had been erected near the band stand in the courthouse yard.

One of the novel stunts of the high schools was that put on by the Elmo High School. It was a Kitchen Symphony in which a number of the students formed an orchestra with various kitchen utensils as instruments, along with the drum and piano. The orchestra was directed by Miss Helen Anna Cypher, one of the teachers.

The blackfaced comedians of the Conception College gave some good songs and received a generous applause. Conception College also gave a violin solo.

The Pickering High School gave a playlette.

Parnell's stunt was a girl's quartet.

Burlington Junction had a girls quartet and gave a piano solo.

Harmony gave a reading.

Quitman gave two piano solos.

Ravenwood had a girl's quartet.

Guilford had a mixed quartet.

Barnard gave a reading and a duet.

The Maryville orchestra gave two selections.

One of the best stunts of all was that put on by the Graham High school. Eldon Adkins proved himself a real cartoonist when he drew the pictures of Leslie G. Somerville, county superintendent of schools, and J. N. Geyer, superintendent of schools at Pickering. In connection with the cartooning the Graham School put on a drill in calisthenics. The exercises were gone through by a number of the students under the direction of Charles W. Wallace, superintendent.

A considerable portion of the crowd that was here during the day for the parade remained for the evening's entertainment. Main street was filled with standing people for a half-block and many people were standing in the court house yard to hear the stunts. In spite of the fact that it was cold the crowd remained until the last.

Twenty feet of film will be taken at each of the schools that took part in the high school stunts by Ralph Marcell. The films will be made a part of the Nodaway County school film.

LASHER FLOAT DECORATIONS TO ST. FRANCIS HOSPITAL

Decorations Were Stripped Off After Parade—Each Item Produced in the District.

The farm products of the Lasher school district, with which the Lasher float was decorated yesterday, were taken off after the parade and to the St. Francis hospital as a donation. The donation amounted to considerable and was of a large variety. It consisted of apples, pears, peaches, peppers, turnips, carrots, pumpkins, cucumbers, potatoes, sweet potatoes, onions, beans, watermelons, squashes, grapes, corn, wheat and oats. Every item was produced on the farms in the Lasher district.

The Lasher float took second place in the parade yesterday and won a $60 cash prize.

DR. WOOD'S KEY-NOTE IS HEALTH

SAYS 75 PER CENT OF SCHOOL CHILDREN HAVE DEFECTS.

ESTIMATE 500 ARE HERE

Sectional Meetings Being Held This Afternoon—Committee Meetings in the Morning.

TONIGHT'S PROGRAM.

8:00 Vocal solo—Luther A. Richman.

Address—Dr. Lee Driver, director of the Bureau of Rural Education for the State Department of Pennsylvania.

TOMORROW'S PROGRAM.

10:30 to 12:00 Sectional meetings with addresses by Grace Langdon, supervisor of elementary schools of Kansas City; Dr. R. L. Lyman of Chicago; and Homer T. Phillips of the State Teachers College and Dr. H. J. Waters of Kansas City.

1:30 Address—Dr. H. J. Waters, editor Weekly Kansas City Star.

3:30 Football game, State Teachers College, Peru, Neb., vs. the State Teachers College, Maryville, Mo.

6:30 to 7:45 Reception for visiting teachers by College faculty. The College orchestra will furnish music.

8:00 Edmund Vance Cook, poet and lecturer, presents, "Is Poetry Important?" from his own writings.

Dr. Thomas D. Wood, Professor of Physical Education, Columbia University, New York and the leading expert in his line in the country made the opening address of the Northwest Missouri Teachers' Association meeting at the State Teachers College auditorium this morning. Dr. Wood's address was moved up on the program from the afternoon to the morning because Dr. P. G. Holden, Director of Agriculture Extension, International Harvester Company, Chicago, was unable to appear on the program as scheduled due to an attack of typroid fever.

The keynote of Dr. Wood's address this morning was that health, which he defined as "an abundance and worthiness of physical, mental, and moral life," is the foundation of all life. "Health," he continued, "should be the fundamental objective in the social and community program."

In developing this subject the speaker stated that there were three phases to be considered: health for all, especially the children; health through attention to all the factors involved in the problem; and health through co-operation of all.

Dr. Wood emphasized the fact that teachers know less, relatively speaking, about health than they do about the subjects which they teach. For that reason, more attention is being paid and will be paid in the future to health than in the past.

The speaker praised the state of Missouri for its progressiveness in health education, saying that "the director of the United States Public Health Service had recently stated that 'Missouri was one of the outstanding states of the union in health education.'" He commended especially that clause of the new law which provided for the physical examination of the teacher for the modern program of health education demands first of all healthy teachers.

"Seventy-five per cent of all school children have physical defects," said Dr. Wood. "From a recent investigation conducted by experts in both rural and urban sections of the state of New York it has been found that, in the particular sections investigated, 72 per cent of the children in the city had defects whereas 86 per cent of the children in the country had defects. Later on another investigation was carried on in the same communities to see how much corrective work had been done and it was found that 36 per cent of the defectives had had attention in the city whereas only 22 per cent of the defectives in the country had had attention.

"Health must be a definite, conscious objective," continued the speaker. "The healthy child is seldom interested in health. I know this to be true. As a boy I was puny. That is the reason I became interested in health problems."

"One per cent of the school children to-day are mentally defective and one per cent are suffering from organic trouble. These children should be placed in special classes such as is being done in the city schools of the state of New York.

"Five to 10 per cent of the children have defective hearing; 30 to 40 per

(Continued on page 5)

CARY SUIT WAS SETTLED OUT OF COURT TODAY

Judgment for $1,440 Was Given; Was Suing for $1600, $160 for Delay and Attorney Fees

The suit of Daniel H. Cary against the Home Insurance Company was settled today out of court and a judgment for the plaintiff for $1440 was entered. This case was scheduled for trial in circuit court today and fater it was announced it had been settled, the petit jurors were excused until Monday, when the case of the state against Ellis, Bradley and Claud Watson is set for trial.

Mr. Cary was suing for $1600, $160 penalty for delay and $500 attorney fees.

98 PER CENT CORN CROP IN NODAWAY

WITH A PROSPECTIVE YIELD OF 44 BUSHELS PER ACRE

OTHER CROPS ARE GOOD

63 Per Cent of 1922 Wheat Crop Has Been Marketed—Apples Reported 90 Per Cent

The farmers of Nodaway County are now reporting their corn as 98 per cent of a full crop with prospective yield averaging 44 bushels per acre, and 96 per cent fully matured. Our farmers estimate that 63 per cent of the 1922 wheat crop has been marketed and that the quality of the oat crop as only 70 per cent of an average. In addition, the yield of Irish potatoes in the county is put at only 66 bushels per acre and the condition of apples is rated at 90 per cent and pastures are now 93 per cent.

Missouri corn made no improvement for the state as a whole during September, now 77 per cent of normal, indicating 169,348,000 bushels, according to E. A. Logan and Jewell Mayes of the State-Federal Crop Reporting Service. The yield in 1921 was 182,880,000 bushels, the five year average 176,224,000. Missouri corn shows average yield of 28.64 bushels on 5,913,000 acres, totaling 169,348,000 bushels, against 30 bushels average and 182,830,000 bushels in 1921. September rains helped some late corn but was not early enough to overcome the drouth of August and early September. Chinch bugs reduced corn yields over a large area. Hot weather without moisture killed the stalk and prematurely matured grain in many sections. The northern third has a good crop generally, and a few counties are exceptionally fine, although Atchison County was badly damaged by dry weather. Light frosts are helping to dry out corn on stalk, without serious damage. 82 per cent of the corn acreage is fully matured. The late fields will take an average of a week yet to mature. The quality will be lowered on account of much chaffy corn infested with chinch bugs and many rotten ears are found resulting from car worms and September rains. The grain is hard enough for feeding, and cribbing can begin earlier than usual.

Wheat seeding is well towards a finish in northern counties, and well under way in central section along the river, but has been held back in south by dry weather. Recent rains have put the soil in condition to complete seeding. Wheat sown has come up quickly to a fine stand. The top soil has been somewhat too dry, but in most sections with sufficient moisture below. Opinion regarding acreage for 1923 crop is greatly divided on account of millions of chinch bugs, farmers being

(Continued on page 4)

GUY HELM SENTENCED IN POLICE COURT—TAKES APPEAL

James Conklin, Jr's, Trial to Come Soon—L. O. Killian Fined For Running Over Fire Hose

Guy Helm was fined $100 and sentenced to ninety days in jail on each of two counts by Mayor Robinson in police court this morning. Helm was charged with the possession of intoxicating liquor and with the possession and giving away of liquor. He appealed hi scase to the circuit court.

The trial of James Conklin, Jr., charged with the transportation of intoxicating liquor, will be held within the next few days. It has been set twice but in both cases the attorneys for both sides have been busy in court.

L. O. Killian was fined $5 and costs, amounting in all to $10.65 for running over the fire hose at the Shoemaker fire yesterday afternoon.

STEAMER BURNING NEAR HONOLULU

SIGNALS FOR HELP AND PUTS DOWN BOATS.

290 PERSONS ABOARD

Was Formerly a German Vessel Acquired Recently by the Los Angeles Company.

San Francisco, Oct. 12.—The Steamer City of Honolulu operated by the Los Angeles Steamship Company for the shipping board was on fire, according to a wireless report received today by the marine department of the Chamber of Commerce. The vessel left Honolulu two days ago bound for Los Angeles. The message failed to state whether the blaze was under control.

The ship later wirelessed the steamer Enterprise that lifeboats are being lowered from the City of Honolulu and inquired how long it would take the Enterprise to reach the scene.

The passenger list numbers approximately one hundred and the crew force normally numbers 192 officers and men.

The abandoned ship was formerly a German vessel acquired recently by the Los Angeles company. A Honolulu radio operator was also heard communicating with other vessels. The message was timed at 10:12.

GREEK EVACUATION MAY CAUSE ANOTHER WAR

This Is the Opinion of Foreign Minister Cannell Oupoei—Rioting Is Feared.

Athens, Oct. 12.—The evacuation of Thrace by the Greeks will probably sow seeds for a new war, perhaps in the new future, Foreign Minister Cannell Oupoei declared.

The news of the Near East armistice was received by the public with resignation. King George submitted, with a decree of martial law, but it was not ordered into effect. Rioting over the Near East news is feared, making martial law necessary.

STUDENTS FROM COUNTY AT STATE UNIVERSITY

Nodaway Is Well Represented at Columbia—Seven from Maryville In Attendance

Columbia, Mo., October 12—The following students from Nodaway County are registered at the University of Missouri for the Fall term:

Burlington Junction—Clara Crane, Carl Hermann Ferguson, Stanley H. Ferguson, John F. Wallace.

Graham—G. J. Court.

Hopkins—Esther Bebout, Harley Bebout, Lela Robbins, Harland Thompson.

Maryville—Donald H. Dowell, 604, Buchanan; Hattie M. Hall, 328 W. First street; Paul M. Miller, 510 W. First street; Sadie Mae Neal, 310 W. First street; Jack Rowlett, 504 S. Fillmore street; D. E. Williams; Ralph Joseph Yehle, 101 6th street.

Parnell—Horace Loyd Felton.

Pickering—Mary Catherine Crowson

Skidmore—Douglas William Haynes, Frederick G. Jackson.

A WORD TO DEMOCRAT-FORUM SUBSCRIBERS

If out-of-town folks are in your home this evening attending the Northwest Missouri Teachers Meeting, will you kindly hand them this evening's Daily Democrat-Forum after you have looked it over?

It will contain news of the meeting that will be enteresting to them and they will appreciate the courtesy, we feel sure.

J. C. Piper Raises Red Cabbage.

J. C. Piper of Elmo was in Maryville yesterday with a head of red cabbage. The head was much like any other head with the exception of being a deep red in color. Mr. Piper got the plants in the spring from La Crosse, Wis., and says that he raised 300 heads this year. Mr. Piper says that the cabbage is of excellent quality. The cabbage was used on one of the floats.

THE WEATHER

Fair to-night with frost; Friday partly cloudy and warmer.

For Judge Probate Court—Jesse F. Robertson.

I hereby announce myself as Republican candidate for the office of Probate Judge of Nodaway County, subject to the decision of the voters at November election.

G. B. ROSEBERRY.

THE KU KLUX APPEAL.

Kansas City Star.

At the big meeting of the Ku Klux Klan in Convention hall last night men and women were urged to vote as Americans, irrespective of party, and to vote for only Protestant Americans at the next election.

The advice to vote only as Americans irrespective of party, is sound. But it is inconsistent with the advice to vote for only Protestant Americans.

Many of the ideas professed by the Klan are fine. The members are committed to high standards in politics and in social life. There is especial need in this community for an awakening. There is need for a rebirth of the spirit of militant obligation of citizens to their city. Kansas City needs a new deal, heaven knows! But to propose a religious test is contrary to fundamental Americanism.

The American government is founded on religious freedom as well as political freedom. The Constitution forbids any governmental discrimination in matters of religion. Whether we are Protestants or Catholics or Jews or of no faith, so long as we are loyal to the great principles of the republic, we are good Americans.

In the war there were no religious distinctions. Men of all faiths fought side by side for the Stars and Stripes. We did not ask the soldier about his faith. We asked simply that he be loyal to the flag. In the same way the only test of a candidate whose political principles we favor is whether he is a competent, honest man, regarding public office as a public trust. There are unworthy Catholic candidates just as there are unworthy Protestant candidates. All such deserve defeat.

But we cannot make religion the test of a man's fitness for office without violating the principles on which the nation was founded, without threatening its unity, without tending to divide it into a collection of warring groups.

Many good citizens have been attracted by the appeal of the Klan to remedy certain specific evils. But The Star earnestly urges those who contemplate responding to the Ku Klux admonition for a religious test in politics to consider the disastrous effect on the national life of the general adoption of such a course.

The man who doesn't have a self starter now days is liable to be lost in the get away.

The high cost of distribution is one of the causes of the high cost of living. Because of the high cost of transportation and the high cost of doing business a great many articles are still high as retail though the wholesale price is not much above the pre-war prices.

The Government is selling five hundred millions of long time four and a half per cent bonds. Yesterday they brought 50 cents above par. Before the war Government bonds bearing two per cent were sold above par. Times change. Since the great mix up in Europe a two per cent investment appeals to nobody.

Valparaiso, Indiana, furnishes another terrible reminder of the danger of railroad crossings. Rene Hargot, with his wife and seven children started happily to a farm they had just bought. They drove a big automobile with curtains up. The car stalled on a railroad crossing just before the Manhattan limited came around a curve. Hargot threw one boy out and jumped out to push the car off the track but it would't move. Mrs. Hargot and six children were imprisoned by the curtains and with the six children was instantly killed. A change of gears might have saved the lives. A wait of a few minutes to "stop, look and listen" certainly would.

IS U. S. EXPLOITING ITS CHILDREN FOR MONEY?

Federal Official Quotes Terrible Statistics to Warn Country.

Washington, Oct. 12 (Capital News Service).—Fond of referring to the United States as the most enlightened of nations, publicists and educators may well pause to examine the facts as presented in statistics made public by the Secretary of Labor in a speech before the American Insurance Union. In it he called attention to the fact "that 250,000 American babies are snatched by death from their mothers' breasts every year before they have had time scarce to open their unseeing eyes upon the world about them.

"Half a million children, so-called defectives and delinquents, are growing up almost totally neglected.

"Thirty million American children, of school age, who even if they can win to the opportunity for education, face in our schools a false learning, an education that will not fit more than one in ten of them for the places they must occupy in life.

"Approximately a million and a half American boys and girls, of school age, are today thrown beneath the wheels of the juggernaut of industry, pressed to labor before their time, doomed to the dreary drudgery of mine and mill and factory by economic necessity. They face hopeless futures. Before them stretches the treadmill of unremunerative labor with its few years of heartbreaking, soul tearing toil, and at the end—a grave.

"Here, if anywhere, we face a real danger to the republic. Here is a menace greater than any that lies in the blatant mouthings of doctrinaires and demagogues who preach false political economic doctrines in forum and market place. Not in the grasping gospel of the peddler of political nostrums is our peril, but here, where citizens of the future are broken, mentally, morally, and physically on the torture wheel of misled industrial management is the evil, which must be uprooted if America is to prevail."

BAD BOYS CROP IS REPORTED SMALLER

Reformatory Says Farm Still Best Place Of All To Rear Youth.

Boonville, Mo., Oct. 11.—The crop of bad boys is on the decrease, according to C. M. Harrison, superintendent of the State reformatory.

There are now one hundred boys less at the institution than were there six months ago, he said.

"Most of those we get come from Kansas City and St. Louis, he said. "The farm still is the best place to rear the boys."

Sixty per cent of the bad boys are bad because of broken homes and divorces, he said. Motor cars are one of the greatest temptations to crime.

Harrison is also editor of the Boonville Daily Republican. He runs his newspaper by telephone, giving most of his time to the reformatory work.

YOU
Should Use
It's different from others because more care is taken in the making and the materials used are of higher grade.
Black Silk Stove Polish
Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.
All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—one quality.
Black Silk Stove Polish Works
Sterling, Illinois
Use Black Silk Air-Drying Iron Enamel on grates, registers, stove-pipes—Prevents rusting.
Use Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles.
A Shine in Every Drop

Forumettes

There is only one way
To make an end of
Anything and that is
To tell the truth about it.

Our neighbor took a box of candy home to his wife the other night and as soon as he handed it to her she asked him what he had been doing.

We watched the floor walker in a store the other day during a sale rush and we came to the conclusion he should be called a director of aisle traffic.

Humans are funny things. A white girl spends all her time trying to curl her hair and a colored girl spends all her time trying to take the curl out of her hair.

Another reader of the Forumettes writes to the editor to ask if he can remember the time when the men wore trousers which were lined.

Uncle Abner, the town philosopher, says if life hands you a lemon you should be glad it was not a rotten one.

He is indeed a foolish preacher who has a congregation of which many members are fishermen or golfers, who preaches a sermon an Ananias.

A Maryville bride-to-be is much worried as several of her friends have told her marriage is now considered old fashioned. "I can't decide if I should break my engagement and be stylish or get married and be classed as an old fogy "she observed to us the other day.

If you have a worry why pass it on to some one else? They perhaps have a few pet ones of their own.

Beauty these days is no longer skin deep as it can be easily washed off.

Louise, the stenographer, says it is right to tell the truth at all times but you should be sure you tell it to the right person.

The court house cynic, says it is surprising when you consider that the country is full of brains that so few of them are in congress.

Vagrant Musings

There is nothing wrong in trying to do right even if you don't succeed.

The bad feature about a self-made man is that he usually is all self.

Perhaps the reason the Lord made a woman's hands small was so she could get them in her husband's pocket.

Others than athletes can leap from the frying pan into the fire.

Sage Advice

Don't wait for your ship to come in but just roll up your pants and wade in and hook on the first one which comes in sight.

ALARM CLOCK IN POCKET GOES OFF; PAYS $1 FINE

Youngstown, Ohio, Oct. 11.—Charlie Perkins was walking through the railroad yards when an alarm clock in his pocket went off.

The noise awakened a railroad detective.

Perkins was fined $1 and costs by Justice Bailey.

Before going his way Perkins vowed that he would either carry no more alarm clocks or he would keep away from railroad yards.

Jy R. King and son of Hopkins will hold their Duroc sale October 21.

MOUNTAIN TEA and really live — you'll feel different, act different, be different. What's the use of living if you're constipated—headaches, bad breath, sour stomach, no appetite, languid, lazy, no pep. Take HOLLISTER'S ROCKY MOUNTAIN TEA. Women endorse it everywhere.—Gaugh & Evans.—Adv.

Wilcox Rebekah Lodge

The Wilcox Rebekah Lodge will hold its regular meeting Friday night. The families of the members are invited for a social time after the business meeting.

Bammick-Wilkerson

Miss Mildred Bammick and James Floyd Wilkerson, both of Atlantic, Ia., were united in marriage at 11:30 o'clock yesterday morning in Maryville. The service was read by the Rev. C. C. James at the parsonage of the First Methodist Church on South Main street.

Bleich-Brickey Wedding

Miss Bertha Bleich and Reed Brickey of Maitland were married Sunday morning at the home of the bride's mother, Mrs. Louisa Bleich in Graham. The ceremony was performed at 9 o'clock by the Rev. W. C. Francisco, pastor of the Methodist Episcopal Church. The bride wore a gown of peach satin with trimmings of lace and satin rosettes and her slippers were of white satin. She carried a nosegay of organdie. Both Mr. Brickey and his bride are well known and have a host of friends. The bridegroom is the son of Mrs. Nina Brickey of Maitland. Mr. and Mrs. Brickey left in their car on a honeymoon trip to St. Joseph where they will visit the bride's sister, Miss Anna Bleich, and Mrs. and Mrs. Henry Krug, Jr., of Krug Park. The couple will be at home after October 20 on the Joe Myers farm, one and a half miles northwest of Maitland.

Cort-Bosch Wedding

The home of Mr. and Mrs. D. D. Cort, south of Gaynor, was the scene of a pretty wedding last night when Miss Verna Millicent Cort, their daughter, became the bride of Leonard F. Bosch of Maryville. The Rev. C. C. James, pastor of the First Methodist Church in Maryville, performed the single ring ceremony at 8 o'clock in the presence of a number of relatives and friends of the couple. Little Clyde Sparks and Franklin Caillouet of Columbus, Kan., a cousin of the bride, held the ribbons forming the aisle through which the bridal couple passed. The couple stood in the bow window of the living room before a background of white dahlias and a wedding bell of the same flowers and white ribbons was hung from the ceiling. Before the service Mrs. George Barton of Maryville, accompanied by Miss Jessie McLaughlin of Sheridan, sang "I Love You Truly" (Bond). Miss McLaughlin gave a musical program and immediately after the service played "Believe Me If All Those Endearing Young Charms." The bride was becomingly attired in white georgette over satin with trimmings of old lace and her long veil of tulle was caught in cap effect with lilies of the valley. She carried a shower bouquet of white roses and valley lillies. Following the ceremony refreshments, in which a yellow and white color scheme was carried out, were served. After November 1 the couple will be at home in Maryville. The bridegroom is the son of Mr. and Mrs. Benjamin Bosch, residing one mile north of Orrsburg and is an employee of the Farmers Trust Company. The bride was a member of the 1916 graduating class of the Maryville high school and she later studied voice in Lincoln, Neb. The wedding guests were Mr. and Mrs. Benjamin Bosch, their daughters, Misses Mildred and Thelma Bosch, an dsons, Bryan and Henry Bosch, Miss Alpha Holton, Mr. and Mrs. Luther Pistole, Mr. and Mrs. Robert Nigh, Mr. and Mrs. Lewis Sparks and sons, Lewis and Clyde, Fred Markt of Oregon, Mo., Mr. and Mrs. James Barton and son James, and Miss Vera Hughes of Maryville, Doyle Moore, Miss Jessie McLaughlin of Sheridan, the Rev. C. C. James of Maryville, Mrs. Robert Caillouet and son, Franklin of Columbus, Kan., and Mrs. Mary Taylor and James Taylor of Lincoln, Neb.

Toel Dinner Guests

Mr. and Mrs. J. W. Toel will be hosts at 6 o'clock dinner tonight at their home on East Thompson street in honor of Mr. Toel's sister, Mrs. Lewis Jones of Enid, Okla., who has been visiting relatives here for several weeks. The other guests will include Mr. and Mrs. Henry Toel and son, Halcott of Conception Junction, Mr. and Mrs. J. W. Herren, George Herren and Mr. and Mrs. W. J. Montgomery.

Birthday Dinner

Mrs. Don Heflin was hostess at a 12 o'clock dinner yesterday at her home on North Davis street, in observance of the twenty-third birthday anniversary of Mr. Heflin. The guests were Mrs. Robert Heflin, Mr. and Mrs. W. E. Goforth, Miss Belle Heflin and Miss Mayme Heflin and her guest, Miss Beulah Adams of Warrensburg.

To District Convention

Mrs. D. R. Baker, president of the Twentieth Century Club, Mrs. H. R. Juvenal and Mrs. Harry Todd will go to St. Joseph tomorrow morning to attend the annual convention of the first district of the Federation of Women's Clubs to be held there Friday and Saturday. Mrs. G. B. Holmes of St. Joseph, an honorary member of the club, will also attend the convention as a delegate. Mrs. C. C. Hellmers, secretary of the first district, Federation of Women's Clubs, will accompany the Maryville club members to St. Joseph tomorrow morning. A meeting of the state board of the Missouri Federation of Women's Clubs was held in St. Joseph today. A 12 o'clock luncheon to be given Saturday in the crystal room of Hotel Robidoux will be one of the features of the district meeting. At the luncheon Mrs. W. W. Martin, state president of the Federation of Women's Clubs, and a delegate to the constitutional convention, will discuss the new state constitution. Mrs. H. W. Parker of Kansas City, state chairman of the legislative department, and Mrs. J. W. McKnight of King City, district legislative chairman, will also be on the program. A dinner will be given by the St. Joseph federation at 6:30 o'clock Friday evening at the Y. W. C. A. to which the visiting delegates will be guests of honor.

For Miss Adams

Mr. and Mrs. French Carter and daughter, Gladys, will entertain with a 6 o'clock dinner this evening at their home on East Second street in honor of Miss Beulah Adams of Warrensburg, who is the guest of Miss Mayme Heflin. Additional guests will be Mrs. Robert Heflin, Misses Mayme and Belle Heflin, Mrs. Anna Stauble and Mr. and Mrs. Don Heflin.

St. Patrick's Sewing Circle.

An all day meeting of St. Patrick's Sewing Circle was held Tuesday at the church when the time was spent in sewing for the annual bazaar to be held next month. There were twenty members in attendance. The Circle will meet again next Wednesday afternoon at the church.

Highland Club.

The Highland Club was entertained Tuesday afternoon at the home of Mrs. J. C. Chesnut, northeast of Maryville. Miss Fra Clark of the extension service of the University of Missouri was in charge of the program. Miss Clark discussed home furnishings and easier methods of housekeeping. The hostess served refreshments of pears, cake and coffee. Those present were Mrs. L. L. Clary, Mrs. Roy Kelley, Mrs. William Burr, Mrs. Pat Farrens, Marion Burr and Tommy Kelley. The club will hold its next meeting October 25 with Mrs. A. R. Robinson.

Luncheon for Visitors.

Foods Class No. 21 of the home economics department of the State Teachers College served a four-course luncheon at noon today at which the visiting home economics teachers, who are attending the annual meeting of the Northwest Missouri Teachers' Association, were guests. The affair was in charge of Miss Hettie M. Anthony, and was held in the dining room of the home economics department.

Dick Viles of Holdredge, Nebr., arrived yesterday for a visit with his mother, Mrs. Beulah Viles.

ROMANCES OF EVERYDAY LIFE

Odd and Curious Notes in Daily Press Everywhere

Washington, Oct. 12 (Capital News Service).—Swiss insurance companies have increased their rates on women risks as much as 15 per cent. The reason given is that short skirts, high heels, and low necks increase the likelihood of a woman falling and hurting herself or catching pneumonia.

Michigan had a law which prohibited an unnaturalized citizen from possessing firearms. The State Supreme Court said it was unconstitutional on the ground that it was not right to give a skunk a stronger weapon against its enemies than a farmer might possess against hawks and foxes who steal chickens.

A Sioux City, Iowa, policeman had a great deal of trouble with a certain girl auto-speeder, whom he arrested and warned time and again. Finding his remonstrances of no avail, the officer married her to reform her. Speeding is said to be on the increase on the beats of marriageable policemen in Sioux City.

ESCAPED CONVICT SHOT BY ST. LOUIS DETECTIVES.

East St. Louis, Ill., Oct. 12.—Two police detective today shot and probably fatally wounded Lou Trider, escaped convict, wanted in St. Louis and Topeka for the alleged murder of a detective in each city. It is alleged he killed Detective Sergeant Lemkemeier of St. Louis last July and a railroad detective at Topeka. Police records show he escaped from the Kentucky state prison, where he was serving a term for shooting a police officer in Louisville.

HARDING TO CALL WORLD ECONOMICS CONFERECE

But No Steps Will be Taken Until He and Advisers Think Something Can be Accomplished.

Washington, Oct. 12.—President Harding is willing to call an international economic conference any time the world conditions appear favorable for the success of such a gathering. Absolutely no steps toward such a project will be taken until the president and his advisers are convinced conditions are such that the world's economic problems will yield to peaceful settlement around the conference table.

TAKE POSSESSION OF LIQUOR BUT NOT OF THE SHIPS

This Is the Order That Will be Given Regarding the Three-Mile Prohibition Ruling.

Washington, Oct. 12.—It is officially announced by the treasury department no orders will be issued by prohibition agents to seize foreign ships found transporting liquor when the three-mile limit is reached. The officers will be told to take possession of the liquor but not to attempt to seize the vessel under construction of the department of justice ruling.

PUBLIC INVITED TO ATTEND MEETING AT COLLEGE

Officers of the Northwest Missouri Teachers Association, which is holding its annual meeting now at the State Teachers College, announced today that all the meetings are open to the public and that the public is invited to attend. Some of the speakers have subjects that are of general interest to the public.

BRUCE WAS NOT TAKEN TO PENITENTIARY YESTERDAY

William Bruce, who was sentenced to four years in the penitentiary when he pleaded guilty yesterday in circuit court to burglary and larceny of the Shunk & Milligan drug store in Ravenwood, was not taken to the penitentiary in Jefferson City yesterday after noon as was printed in the Democrat-Forum. Bruce will remain here in the county jail until after the present court term.

Party Out Skidmore Way

Last Sunday afternoon, out Skidmore way,
The youngsters had a meeting to celebrate the return
Of young Will Oakerson, on his return from St. Joe hospital,
Where he left his appendix and some cash;
But still is feeling fine.

This party met all well intended
And had a roaring fine time.
They played the piano, they sang
And joked to heart's delight;
Lon joined in on the singin'.

Lon keeps a gentle billy goat
That is not broke to ride;
This party took a notion that
Some one ought to try.

They all joined in on music
All was goin' fine; but Lon
Oakerson has still a billy goat
That is not broke to ride.

The party consisted of the Oakerson family in all, Marie Frost, Lettie Peter, Helen Peter, Ralph Shrewsberry, Veron Goslee, Harold Hart, Harry Peter, Denton Peoples, Donald Williams, Ell Peter, and we all had a grand time.

Lyles to Omaha.

Mr. and Mrs. Robert Lyle will go to Omaha tomorrow morning to visit over the week end with their daughter, Mrs. John P. Jones, and Mr. Jones, and their sons, Aubrey and Virgil Lyle.

Reader Takes Newer Form of Iron—Feels Years Younger

"Six weeks ago I saw a special offer in the paper telling how thousands of people grow old in looks and energy long before they are really old in years, because, as examinations by physicians have shown, an enormous number of people do not have enough iron in their blood. I have been taking Nuxated Iron for two weeks; the results are simply astonishing. The roses have come back in my lips and cheeks, and I can conscientiously say that I feel ten years younger."

The above is a typical hypothetical case showing the results that have been achieved by a great many people since we started this "Satisfaction or money back" offer on Nuxated Iron. We will refer you to the manufacturers. If after taking the two weeks' treatment of Nuxated Iron, you're not feeling ten years younger, we will promptly refund your money.

Call at once for a bottle of Nuxated Iron at

Gaugh & Evans.

98 PER CENT CORN CROP IN NODAWAY

Continued from page 1

apprehensive as to coming year unless extreme community measures are taken to destroy this menace so much more prevalent than last fall.

Marketings of 1922 wheat indicate that 63 per cent of the crop has moved from the farm against 69 per cent last October. Quality of spring wheat this year is 82 per cent, oats 70 per cent, against a ten year average of 85 per cent, barley 80 per cent. Present condition of buckwheat is 81 per cent.

Forage crops are being harvested in good condition with large yields of sorghums at 77 per cent normal, cowpeas 79 per cent, soybeans 88 per cent, upon twice acreage of last year. Clover seed 81 per cent. Alfalfa seed yield 2.00 bushels per acre, same as 1921. Weather conditions were unfavorable for clover seed, and much of second crop not well filled, threshing of which is in progress.

Apples are 78 per cent of full crop, grapes 93 per cent, and pears 75 per cent. Hot weather induced heavy drop, much of crop badly sunburnt, lowering keeping qualities. The big fruit crop has resulted in farm cellars being well filled with canned and stored fruit for the coming year.

Potatoes average 58 bushels per acre against 58 in 1921 and ten year average of 68. Condition of sweet potatoes is 75 per cent. Yield of tomatoes 83 per cent of normal, cabbages 90 per cent, onions 97 per cent, peanuts 83 per cent, and sorghum cane 79 per cent. Fall vegetables were hurt by lack of rain in early August, and potatoes are short in practically all counties. The price has been so low that in commercial districts around Orrick it hardly pays for digging.

Pastures are good in northern counties, but very poor in eastern and especially in southern section. Some improvement is shown over last month except in south; good fall and winter pastures are indicated in most of north central portion. Average condition is 72 per cent.

Live stock are generally in good flesh and health, but feeding is necessary in Douglas and surrounding counties as though it were winter. Good pastures in Harrison, Mercer and other northern counties are inducing a large number of stocker cattle to be brought in for winter grazing.

Plowing for wheat is 37 per cent completed during August, 42 per cent in September, 21 per cent remaining to be done after October 1. Wheat seeding was 29 per cent completed in September, and 71 per cent remaining to be seeded after October 1, due to dry weather, presence of chinch bugs, and the desire to seed after the fly-free date.

General farm conditions have improved slightly since last month. Movement of live stock has been interfered with by car shortage, and the marketing of the apple crop is slow. Late frost permits practically all crops to fully mature. The central northern counties have had almost a perfect season, the eastern and south central very poor, while on the west side it was only fair.

BABY SHOW AND HORSE SHOW AT HOPKINS OCT. 14

Shows Postponed During Jubilee on Account of Rain Will Be Held Saturday

(Hopkins Journal)

Hopkins is counting on another big day next Saturday when the horse and baby shows, postponed during the Jubilee by reason of the rain, will be held.

The showing of the horses will begin at 1:30 and those wishing to enter horses and mules, should have them at the Gray barn not later than 12:30. Jim Andy Ford, of Maryville, will likely do the judging and there is not a better judge of horses and mules in the west. He may select two others to assist him.

The Ford contest will not be held but the baby show will take place under the same rules and conditions as heretofore announced.

The baby show will be held immediately after the horse show and those interested can phone either Mrs. Bunch Coleman of Mrs. Robert Houston for particulars.

NEGRO BANDIT HOLDS UP PASSENGERS IN KANSAS CITY

Armed With Two Revolvers He Routed Passengers From Berths as Car Stood in the Yards.

Kansas City, Oct. 12.—A negro bandit held up the passengers in an eastbound California limited of the Santa Fe railroad during the night in the railroad yards here, escaping with approximately $500, the conductor of the train reported to officials today. A posse is scouring the countryside while the police here, believing he is still here are combing the city. The negro, armed with two revolvers, routed the passengers from berths and took their belongings and snatched rings from the women.

REASON FOR BREAKING OF ENGAGEMENT IS EXPLAINED

Mrs. Onezime DeBouchelle of New Orleans Threatens to Send Accusers to Prison

Atlanta, Ga., Oct. 12—The demand that he reveal the name of the person who told him she invited two salesmen to visit her at an Atlanta hotel, Mrs. Onezima DeBouchelle, New Orleans beauty, broke her engagement with Asa G. Candler, richest man in the South, it was revealed in a letter written to him. The letter, written last month denies the allegation and declares she will send to the penitentiary those making the charges and "those who hired them."

WILLIAM CUMPSTON'S MOTOR CAR TURNS OVER TODAY

An automobile owned by and driven by William Cumpston turned over this morning on the road running east from the Burlington depot. Cumpston, accompanied by John Fields, was driving North when the car began to wabble slightly and before he knew it, turned over. Cumpston was bruised slightly but was not seriously hurt. Fields was unhurt. The car had to be righted, however, before the men could get out.

HOPKINS TEACHER SHORTEST

Miss Mary Morrison, Primary Teacher in Hopkins Public School, Proves That Size is No Factor for Success

(Hopkins Journal)

Both school and city papers have been boasting that Miss Ruth Putman, of Youngston, Ohio, is the smallest teacher in the United States, being but four feet and nine inches in height. Of course Hopkins never allows any other town to get ahead of her, so nothing was said until the papers had thoroughly exploited the distinction that had been so generously heaped upon the Ohio school miss, then the bubble was punctured, the following being sent to the Des Moines Register by a Hopkins bootser:

Hopkins, Mo., Oct. 10—Miss Ruth Putman of Youngstown, Ohio, has boasted of being the smallest teacher in the United States. Miss Mary Morrison of Hopkins has a better claim, as she measures just four feet eight and one-half inches allowing for her high heels and a high coiffure. Size is no factor for success, according to Miss Morrison and attested by the board of education. She is serving her second year as primary teacher.

Mrs. E. E. Tilton will go to Kansas City tomorrow for a few days visit with her granddaughter, Mrs. J. L. Wilham.

Guests at Hanna Home.

Mrs. Irvin Schmeck of Pekin, N. Y., and Mrs. George C. Toel of St. Joseph will arrive in Maryville to spend the week end at the home of Mrs. Toel's sister, Mrs. O. C. Hanna, and Mr. Hanna. Mrs. Schmeck is a cousin of Mrs. Toel and Mrs. Hanna. She is en route home from a six weeks' visit in Colorado.

I WISH TO THANK THE FOLLOWING SCHOOLS FOR THEIR PATRONAGE:

To Build House

Miss Jennie Ringgold will build a six room modern house on East Sevents sereet. Elmer Reynolds will do the brickwork.

DON'T RISK NEGLECT.

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Maryville case.

J. N. Bryan, retired farmer, 222 11th St., says: "I was having trouble with my kidneys and back. I had an intense soreness through the small of my back which caused great pain when I tried to bend or straighten quickly. My kindeys acted too frequently. I saw Doan's Kidney Pills advertised and I started to use them. I found great relief from the start and after using Doan's a while I was cured of the trouble. It has been some time since I have needed to use Doan's Kidney Pills so I know the benefit they gave me is lasting." (Statement given June 16, 1916).

On March 31, 1920, Mr. Bryan said: "Since I used Doan's Kidney Pills I have had no return of the trouble. I am glad to say Doan's permanently cured me and I wish to confirm my former statement."

The prize was duplicated by Gaugh & Evans.

Every school entering a float in the parade received at least $5 and in addition to this the eight schools with the best floats received special cash prizes ranging from $75 to $10.

REV. ALLISON ATTENDING PRESBYTERIAN MEETING

The Rev. S. P. Allison, pastor of the First Presbyterian Church, is attending the Missouri Synod of the Presbyterian Church which convened in Marshall, Mo., Tuesday and will continue throughout Friday. Robert A. Guthrie of Macon, a layman and a member of the board of trustees of Missouri Valley College at Marshall, was elected moderator. An all-day session was held at the college today for the dedication of the new Morrison gymnasium, and Governor Hyde was one of the principal speakers.

STAR MOTOR CAR ATTRACTS CONSIDERABLE ATTENTION

The Star motor car, a new model gotten out by the Durant Motor Company, which was placed on exhibit a few days ago at the Lowry Hardware store, has attracted a lot of attention in Maryville. It is estimated that several thousand persons have called at the store for the purpose of giving it the once over. It is said at the store that a number of orders for the machine have been taken and that a large number of them can be sold within the next few months of they can be secured.

The Star is put out at the same price as the Ford motor car, which has long held the field as the cheapest car on the market.

The Durant Company is well established and has five plants.

SKIDMORE WINS FROM GRAHAM AT BASKETBALL

Clearmont and Burlington Junction Each Wins a Game and Looses A Game

The Skidmore boys and girls basketball team were victorious over Graham High School basketball team in the second round of the basketball tournament of the county teams. The game was to have been played last Friday but was postponed on account of the rain.

The Skidmore boys' team defeated the Graham quintet 15 to 7, while the Skidmore girls took the long end of the score of 14 to 3 over the Graham girls.

Clearmont and Burlington Junction each won and lost in a double-header game Tuesday afternoon. The Clearmont boys won from the Burlington Junction boys by a score of 57 to 28 and the Burlington Junction girls won from the Clearmont girls by a score of 10 to 3.

DR. WOOD'S KEY NOTE IS HEALTH

(Continued from page 1)

cent have imperfect vision; 30 to 50 per cent have defective posture; 20 to 25 per cent are undernourished; 30 to 40 per cent are affected with diseased tonsils and adenoids; and from 50 to 98 per cent have dental defects.

"The above facts indicate that there is much need for a definite constructive program. This program must give the child an appearance of joy, a satisfaction in living, the ability to sleep, the ability to eat, a weight commensurate with his height and age, a mental soundness and alertness, and the qualities of a sportsman."

Dr. Wood further emphasized the fact that care must be taken to do away with the toll of life caused by preventable accidents. Twenty thousand children are killed each year by preventable accidents.

"Considered from a monetary standpoint health education pays. From one and one-half to three billion dollars are wasted each year in this country on preventable diseases. This amount of money, if spent for health education, would give us an ideal program of education along that line."

President Uel W. Lamkin of the State Teachers College spoke on the "Full Measure of Service." Mr. Lamkin said in part:

"The schools of the United States were not really discovered until the World War, when every kind of active organization put their drives on through the schools. Even before the war schools were putting on "More Food Production" campaigns and when the war was on it was the schools that sold the Red Cross seals and made clothing for the soldiers. Even after the war the schools did not loose the eye of the public. It is through the schools that different organizations try to reach the homes. The Tuberculosis association is having preventatives taught in the public schools, Insurance companies have the children taught how to guard against fires and entertainments always appeal to the schools to help make ticket sales.

"Schools in many cases are dropping certain courses from their school work because of the lack of money. The teachers must make the people see and feel that money spent for school purposes is not wasted.

Following this address, E. Newton Carter, county superintendent of schools of Harrison County, explained the purposes and provisions of the county unit bill and urged all teachers to vote it and lend their support in adopting it at the November election.

It was estimated at 1:30 o'clock this afternoon that there were 500 visiting teachers. The auditorium was comfortably filled at the afternoon sessions. This means that about 900 persons were present, but a considerable number of these were either students in the State Teachers College or townspeople.

Sectional meetings were called after the main meeting this afternoon. Among these are the high school sectional meeting and the one of the arts and crafts section.

Committeemen will be chosen today one from a county ,to go into committee meetings tomorrow morning on time and resolution, nomination and necrology.

Rummage Sale Postponed.

The rummage sale to be given by the Ladies' Aid Society of the First Presbyterian Church, has been postponed from tomorrow to Friday, October 20.

Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes.

Note: Write for valuable free illustrated book, "Motherhood and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," to Bradfield Regulator Company, BA-21, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.

Heard Among Teachers

Many complimentary remarks were heard about President Lamkin's address this morning. All of the visiting teachers think Northwest Missouri fortunate in having Uel W. Lamkin guiding the educational affairs of this part of the state.

Dr. Lee Driver, in his lecture tonight will use his slides on consolidated schools. A few of the faculty of the College have seen these pictures of Dr. Driver and say that everyone interested in educational affairs should see it.

The suspicion that Dr. Lee Driver is a great man, is fully confirmed now. It has been reasoned out, viz.: all great men are absent minded; Dr. Driver left his overcoat on the train coming to Maryville, therefore—well, draw your own conclusions.

The demonstration lesson in silent reading to be given in the elementary section by the students of Garrett school will be given tomorrow morning at 10 o'clock instead of tomorrow afternoon as stated yesterday.

The Eastern Star Club of the College entertained this afternoon with a tea for all visiting teachers. The affair was held in the ladies' parlor from 3:30 to 5 o'clock and music was furnished by the College orchestra.

The Philomathean Literary Society of the College held its annual homecoming this afternoon and a large number of former Philos were in attendance. The reunion was held in the old society room and the following program was given:

Welcome to Old Members—President Elvira Ward.

Piano Solo—Lethal Wilson.

Vocal solo—Irene Lowry.

Instrumental duet—David Max and Harry Nelson.

Philo Quartet — Marie Landfather, Orpha Stewart, David Max, Harry Nelson.

Reading of letters received by absent former members.

After the program talks were made by several of the former members and light refreshments were served.

The Eurekan Literary Society is actively welcoming old members during the meeting. Last night it sponsored the show at the Empire Theatre, where there was a full house. Misses Laveta Epperson and Ruth Cline gave a one-act playlet, "The Cleft of the Broken Heart," which was well received. The picture shown in addition to this, "The Child Tho Gavest," is one of the best seen here for a long time. The same show will be shown tonight.

SPEND NIGHT WORKING ON WATER LINE TO WABASH

Mayor F. P. Robinson, Gleason Womack and James and Bob Conklin spent a busy night last night working on a water line at the corner of Eleventn and Walnut streets. They started at 11 o'clock and finished at 6 o'clock this morning. The line was a connection for the Wabash depot.

BEING IN TIGHT PLACES NO NEW EXPERIENCE FOR FIELDS

Hung Suspended by One Arm Over Cement Sidewalk 22 Feet Below at Home of Mayor Robinson.

Escaping from tight places unhurt, as he did this morning when the motor car of W. H. Cumpston turned over while he was in it, is no new experience to John Fields, an old negro man of Maryville, who was at one time a slave.

In 1896 when Mayor F. P. Robinson's home was being built, John Fields, a Maryville negro, was carrying hod. He was forced to carry the hod up three ladders and onto a scaffold. Here it was dumped.

It was a windy day. Fields carried a load up the ladders and just as he mounted the scaffold an extra heavy blast of wind came and whisked him out and down he fell.

Fields turned over once in the air and lit on his back on the slanting roof. Down this he slid and over the gutter he went. However, he caught the gutter with one hand and hung suspended, twenty-two feet above a cement sidewalk.

A ladder was brought and he was allowed to descend. When Fields reached the ground his face was covered with beads of perspiration. He was quiet for a time and then said, "Well, I guess I'll quit."

However, the men who were working on the house joshed him a bit and according to Mr. Robinson, he was soon climbing back up the ladders and dumping his load on the scaffold with as much unconcern as you please.

ST. FRANCIS HOSPITAL NOTES

Unaldean Harman, Ravenwood, had her appendix removed Saturday.

Mrs. Mary Costello of Maryville was admitted Saturday.

Miss Esther Northover of Hopkins had her tonsils removed Tuesday.

Mrs. C. V. Martin spent Tuesday at the hospital.

Deals With a Young Man Who Is Dissatisfied With His Life and Who Makes a Grand Splurge

Reserved seats for the De Molay play, "A Tailor-Made Man," will go on sale at the Kuchs Brothers store tomorrow morning. The play will be given next Monday and Tuesday nights at the Empire Theater.

"A Tailor-Made Man," is a four-act comedy drama. It was presented at the Cohen and Harris theater for its initial appearance and had a long run there. It was first placed open for amateur players this fall and so it is a new play.

The story deals with a young man, John Paul Bart, by name, who is dissatisfied with his life and who makes one grand splurge to go higher in society. How he does it and how he comes back again is woven into the story in such a manner that the audience is kept interested from the start of the play until the final curtain. The play is a comedy but it is not all farcical. There are places in the play which are quite dramatic and it promises to be entirely different from anything ever produced in Maryville.

The play is being directed by Miss Blanche Dow. Rehearsals are held every night and the cast is now well rounded into shape.

It is said that "A Tailor-Made man" is even better than "Believe Me Xantippe," the De Molay play of last year.

BANKRUPTCY PETITION AGAINST ELGIN MOTOR CAR COMPANY

Chicago, Oct. 12—An involuntary petition in bankruptcy was filed against the Elgin Motor Car corporation by three bank creditors, alleging the company owes them more than $10,000. The total capital of the company is placed at $5,500,000.

Rescue Officers and Crew

Washington, Oct. 12—The rescue of thirty-three officers and men from the tanker, Swift Star, aground off Block Island near Newport, Rhode Island, was reported to the navy department today, a dispatch from a submarine stated.
